DETAILED ACTION

Response to Amendment

The amendment filed 1 August 2006 has amended independent claims 1, 8, 13, 15, and 18. Examiner's rejection under 35 USC 102 and 103 with respect to pending claims 1-20 are withdrawn.

Applicant's arguments have been fully considered and are persuasive. In light of the currently amended independent claims, the rejections of all pending claims have been withdrawn.

Allowable Subject Matter

Claims 1-20 allowed.

The following is an examiner's statement of reasons for allowance: the closest prior art, as shown in US 6,501,195 (Barton) and US 5,831,345 (Michaud), disclose priority switching with regard to a single high-priority device. Operating states of secondary loads are not sensed, and the secondary loads do not have individual set priorities.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
